REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

Claims 1-6 are allowed since the instant method for preparing compound of formula (I) is neither disclosed nor obvious over the prior art. In the prior art, Davis ( WO 02/46207, cited on applicants form 1449 ) discloses a process for preparing instant compound of formula (I) by hydrogenating steroid alkenes ( see scheme 1 on page 3 ). However, the process of Davis differs from the instant method by using platinum as a catalyst and ammonium acetate, ammonium formate, ammonium propionate, or mixtures instead of using zinc and mixture of formic acid and an alkanediol.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
